Simplicity

Colours that are elegant and timeless.

Earth and sand. Dunes and saw dust. Cane, Clay or Jute. Endurance and Elegance. Colours of timeless purity.

Warm, Cool & Earthy
 A bedroom can feel nurturing, meditative or uplifting, depending on what you pick – be it warm neutrals, cool neutrals or earthy tones. Add a texture or use colour-blocking for three different looks.

Paint Care Tips

Refer Product Info Sheet

Refer product information sheet to know about product details & ensure the product is applied with the right painting system & methodology.

Before painting, prepare the surface

Ensure that the surface to be painted is free from any loose paint, chalky / powdery particles, dust, chalky or grease.

Any previous growth of fungus, algae or moss to be removed thoroughly before painting by vigorous wire brushing and cleaning with water.

Surface imperfections such as holes, dents, fine cracks are to be filled with crack filler, before painting.

When not to paint – pay attention to weather conditions

Ensure not to apply paint in extreme temperature or humidity conditions or with poor ventilation. Avoid painting below 10 deg C surface temperature or/and at humidity greater than 90%.

Using primer, basecoats and additional coats

Ensure that a primer or waterproofing basecoat is used before applying the top coat of paint for desired paint performance.

Ensure that horizontal surfaces like top of windows, ledges and other horizontal surfaces are painted with an additional coat for greater protection.

Apply 2-3 coats of paint till you get the desired hiding or opacity, especially in dark shades.

Caring for your wall

Cleaning
For the best performance of the paint, ensure proper washing and cleaning of all algal & fungal growth at regular interval of six months.

Removing Stains
For removing household stains of pencil, tea, coffee, crayons, turmeric, sketch pen etc, immediately use mild detergent solution with sponge to clean the stains.
